

CARD-MAKING EVENT GUIDE

WITH CARDS FOR BRAVERY

Card-Making Events can be hosted by you to create a fun and creative environment for anyone to create cards! The purpose of these events is to brighten up the days of hospitalised children during tough and tiring times in hospitals.

The event can be as big or small as you like. Examples of past card-making events have been hosted by schools, brownies or even your group of family and/or friends!

Before hosting a card-making event, please provide us with the following information:

- Location of Card-Making Event
- Date and Time
- Whether you want card-making supplies, printable card guidelines and/or flyers and posters

Making Cards

When making your card, make them as colourful, bright and uplifting as you can!

Ideas:

- Be Brave
- You're roarsome!
- Thinking of you!
- Stay strong
- Keep fighting
- You're turtley awesome!

We prefer no 'Get Well Soon' messages

Sign the cards with 'Love, Cards for Bravery', with your name (with institution if applicable) at the back so the children know someone is thinking of them!

Advertise your event on social media and tag us so we can share it on our page! Any pictures would be amazing for us to show your creations!

Deliver all cards to:
